**MASTER FRANK MURPHY**  
7TH DAN TAEKWONDO  
**INSTRUCTOR OF  
THE YEAR 2004**

At fifty years of age, Master Frank Murphy is considered by many to be one of Taekwondo's most forward thinking educators.

Those who've been privileged enough to train with the modern master will no doubt appreciate his direct approach and emphasis on the subjects of respect, self discipline and self control. All three aspects Master Murphy teaches with a rare conviction since he's renowned for practising what he preaches.
